### Production

The green tea extract is obtained from the tea plants of the Monte Verità tea house in Ascona and various herbs are collected in Ticino. The herbal ingredients are then mixed with Malaga wine and stored in the Cantina alla Maggia until extraction and harmonisation are complete.

### Interesting to know

According to ancient tradition, the Italian term 'digestivo' refers to a soothing, digestive drink made from wines or spirits and herbs. The Digestivo Monte Verità was created by herbalist and tea specialist Peter Oppliger. The deliberately low alcohol content of a maximum of 21.5% is sufficient for preservation, even after the bottle has been opened. Digestivo Monte Verità is a pure, effective and tasty natural product with no added sugar, colourings, preservatives or other artificial ingredients. It thus reflects the idea of a traditional digestive and honours the founders of Monte Verità with their legendary healthy lifestyle.
