

CANTINA ALLA MAGGIA
ASCONA

Grappa americana

Delta Spirits

The careful selection of the best grapes, ripened on the Maggia Delta, is the basis to produce our grappa. Thanks to the collaboration with historical distilleries in the area, we can produce three variations that honour and reinvent a Ticino classic.

Typology	Grappa (grape marc spirit)
Quantity	50cl 37.5cl 5cl
Alcohol content	45% vol.
Raw materials	Americano grape marc
Ageing	In steel tanks in the Cantina alla Maggia
Production	Discontinuous distillation, taken over from historic distilleries in Ticino
Interesting to know	Since 1999, following an agreement, Ticino has been the only region outside Italy where grappa is allowed to be called Grappa

Aroma

The Grappa Americana has an elegant and harmonious bouquet with floral notes.

Taste

Gentle flavour, hints of undergrowth and flowers.
