

Gin

Softness and aromatic intensity are the distinguishing features of this distillate, ideal for solo or mixology. The protagonist is the Yuzu, an Asian citrus fruit that we managed to grow in Ascona and harvest in November.

Aroma

Fresh and spicy nose with notes of juniper, herbs and citrus on the finish.

Taste

Balanced on the palate with pronounced aromatic intensity and citrus freshness, with yuzu dominating. Fine and elegant finish, long lasting with notes of lemon balm and sage.
