

Ascona Whisky mustard

Thanks to our innovative spirit and in collaboration with the local producer Gamma's Saucen from Quartino, we created this Whisky Mustard in 2024.

A strong-tasting product with a delicate whisky scent that perfectly complements grilled dishes of all kinds.

Did you know that our whisky is aged for 12 years in wooden barrels before being bottled? And that in addition to this mustard we have also created a citrus version with hints of yuzu?
