

Birra Locarno

Birra Locarno stands for a beverage with tradition. In the past century, this beer was well known far beyond the borders of Ticino and could be found in every local tavern. After the brewery went bankrupt, the patent was sold abroad. Now, the historic Birrificio Vallemaggia has repurchased the original patent and resumed production of the "Specialina", the Birra Locarno. A refreshing Ticino Pilsner invites you to enjoy.
